Improvements Continue.

Mr. J. E. Giffen, the enterprising and efficient photographic artist, at No. 42 Twelfth street, continues to make improvements to his studio. The most recent is the placing of a fine piano in his attractive reception room, which will no doubt be highly appreciated by all lady patrons to the gallery.

Since Mr. Giffen has taken charge of this gallery improvements have been made in all departments and it is now one of the best equipped in the city. The facilities for doing first-class work are unexcelled and his ability is not questioned. A visit to his studio will convince you of these facts.

IS IT HOLLIDAY?

A Wheeling Young Man Probably Drowned Down the River.

JOHN A. HOLLIDAY, THE VICTIM.

He Disappeared from the Midway Club's Camp Last Wednesday Night—An Investigation Results in the Finding of Clothing—Later it was Learned that the Body of a Young Man Had Been Found and Buried at Rocky Point.

It is more than probable that young John A. Holliday, of this city, a son of the late James L. and Mary E. Holliday, has been drowned in the Ohio river below this city.

Young Holliday—he is twenty-three years of age—has been employed at the Holliday planing mills, on the South Side, of which his uncle, Mr. E. M. Holliday, is the principal proprietor. A few days ago he went to the fishing camp of the Midway club, of Wheeling, located near Foster's landing, about thirty miles down the river. Wednesday night or early Thursday morning young Holliday disappeared. Articles of clothing that belonged to him were found on the river bank near the camp, and it was feared that he had been drowned, though the boys at the camp hoped he had done as he expected to do—taken a circus boat on his trip up the river to Wheeling. However, as he has not shown up here, that theory is evidently wrong.

Mr. Wally Lukens, formerly lieutenant of the Wheeling police, went down the river Saturday to make an investigation. He found the clothing belonging to Holliday, but could find no trace of the missing man. While on his way back to Wheeling last night, though, he struck a clue that will probably lead to the discovery of young Holliday's body to-day. It seems that the body of a young man answering to the description of Holliday was taken from the river at Rocky Point or Litman's Landing, several miles below the fishing camp, on Saturday evening about 6 o'clock and buried with little formality and without identification three hours later.

Relatives of the young man and an undertaker will go to Litman's Landing this morning, and if the body proves to be that of young Holliday it will be brought to Wheeling for burial.

LOCAL BRIEVITIES

Matters of Minor Moment in and About the City.

Queen City arrives to-night on her initial trip.

The city council committee on petitions and remonstrances, cemeteries, claims and real estate, are called to meet this evening.

Next Friday afternoon the Sunday school children of the Third Presbyterian church, and their friends, will picnic near West Alexander.

The Sunday school scholars and Epworth League, of Wesley M. E. church, have arranged for their annual picnic, which is to be held at Belmont park, July 2.

The Liberty Bells, of Centre school, had a wagon picnic, Saturday, going to the Virginia fishing camp. The achievement of the day was the capture of an eel by Mr. J. Wilson.

Police court will be presided over this morning by President M. A. Chew, of the second branch of council, in the absence of Mayor Butts. There will be nine cases in this morning's court.

The Madison Alumni Association's celebration takes place next Friday. There will be a reception at the school house, followed by a reception at the Island Club rooms, with music by Kilmyer.

This evening, at the Fourth Street M. E. church, the Fourth Street Epworth League will tender a reception to the members of the Young Men's Christian Association. A musical programme will be rendered and refreshments will follow.

The stationary engineers have changed their meeting night from Saturday to Wednesday. At their last meeting, several new members were initiated and the local organization now has a membership of thirty-five, and is in a very prosperous condition.

Yesterday afternoon the family of Mr. Will Cox, of Bridgeport, were driving in a surrey on the hill road back of the town, when the horse became frightened and the vehicle was overturned. Happily none of the occupants was seriously injured, though Mr. Cox's son was bruised. The horse ran through Bridgeport and Kirkwood and had not been captured late last night. The runaway created some excitement in the over-the-river town.

Two excursions came to Wheeling yesterday, one from Akron, Ohio, over the Wheeling & Lake Erie road, and the other from Parkersburg and way points on the Ohio River road. The Akron crowd numbered two hundred and fifty and the Parkersburg delegation was three hundred and fifty. The excursionists were pleased with what they saw, especially with the two parks, which were visited by many. The railroads seem to have struck pay dirt in their excursions to Wheeling.

A Stout Backbone

Is as essential to physical health as to political consistency. For weakness of the back, rheumatism, and disorders of the kidneys, the tonic and dietetic action of Hostetter's Stomach Bitters is the one thing needful. The stomach is the mainstay of every other organ, and by invigorating the digestion with this preparation, the spinal column and all its dependencies, are sympathetically strengthened. The dyspeptic and bilious will find it a pure vegetable stimulant and tonic.

Take Notice.

The furniture and undertaking business of the late P. J. Altmeyer, corner Thirty-sixth and Jacob streets, will be continued under the management of Mr. W. R. Coey, who has been the undertaker of this firm for six years. Thanking the public for past favors and soliciting a continuance of the patronage for the future, guaranteeing always courteous treatment. Prompt attention will be given to undertaking and arterial embalming. Telephone calls will be answered day and night. Telephone 1742.
